Six percent of area residents make at least one trip to work or school by walking.

CPA: Fifteen percent of Near Heights residents walk to school or work at least once a week.

Number of Trips Using Various Types of Transportation in a Typical Week: Other Type of Transportation

AMONG THOSE WHO WORK OR GO TO SCHOOL OUTSIDE OF THE HOME

Question 36: I'm going to read you a list of transportation you may have used to get to and from work or school each day. Please tell me how many trips you took, in a typical week using each type of transportation. Keep in mind that a round trip counts as two trips. [Get there some other way]

Approximately one-third (31%) of area residents generally believe the city bus service is better today than it was three years ago. Residents who are more apt to believe the city bus service is better than it was three years ago include:

- those under the age of 50 (36%);
- Hispanics (37%);
- those earning less than \$20,000 (40%); and
- residents of the Near Heights (38%) and Central Albuquerque (36%) CPA.
